Ms. Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary

RE: **REQUEST FOR CONFIDENTIAL TREATMENT** – Connect America Fund, WC Docket No. 10-90;
Lifeline and Link Up Reform and Modernization, WC Docket No. 11-42

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Five-Year Service Quality Improvement Plan included in FCC Form 481

Confidential Financial Information – Subject to Protective Order in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208, Before the Federal Communications Commission

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Panhandle Telephone Cooperative, Inc. (“PTCI” or “the Cooperative”), Study Area Code 432016, is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket Nos. 10-90 and 11-42. The Cooperative, by its authorized representative, hereby requests confidential treatment of two attachments to its FCC Form 481: (1) the five-year service quality improvement plan and (2) the financial annual report, both of which were redacted in the ECFS submission. The request for confidential treatment of the five-year plan is being made pursuant to section 0.459 of the Commission’s rules and Exemption 4 of the Freedom of Information Act (FOIA). The request for confidential treatment of the financial annual report is being made pursuant to the FCC’s November 16, 2012 *Protective Order* in WC Docket No. 10-90 et al. These attachments contain competitively sensitive data that PTCI maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Cooperative.

Five-Year Service Quality Improvement Plan

Pursuant to section 0.459 of the Commission's rules and Exemption 4 of FOIA, PTCI requests that the text and data extracted from its five-year service quality improvement plan be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Cooperative keeps confidential. Public availability of this information would have a substantial negative impact on the Cooperative.

In accordance with section 0.459 of the Commission's rules, the following information is provided in support of this request:

- (1) Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 – Five-Year Service Quality Improvement Plan. Specifically, confidential treatment is sought for all information in the five-year plan related to the Cooperative's access line counts, existing broadband capabilities, and its network investment plans through 2019 that will improve service quality for its customers.

- (2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket Nos. 10-90 and 11-42 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a five-year service quality improvement plan, pursuant to 47 C.F.R. §§54.202(a)(1)(ii) and 54.313(a)(1).

- (3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The five-year service quality improvement plan contains granular information on the Cooperative's access line counts and existing broadband capabilities as well as detailed plans for financial investments in its network through 2019 to improve service to subscribers. This is closely guarded, privileged information that the Cooperative does not make publicly available.

Ms. Marlene H. Dortch

June 19, 2014

Page 3 of 5

- (4) Explanation of the degree to which the information concerns a service that is subject to competition:

Broadband is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless Internet service providers. Most RLECs also face competition from at least one other wireline broadband provider such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite broadband providers.

- (5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the five-year plan would provide competitors with detailed, granular information regarding the Cooperative's access line count, its existing broadband capabilities, and its strategic plans for network investments. This would give competitors invaluable confidential information with which to develop their own strategies for investing in the service area, thereby bringing substantial competitive harm to the Cooperative.

- (6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Cooperative has continually treated the extracted information in its five-year plan as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

- (7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

The redacted information in the five-year plan is not available to the public, and third party access is limited as described in (6) above.

- (8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Cooperative requests that the extracted information be withheld from public inspection indefinitely. Although the information reflects the Cooperative's service improvement plans for a five year period, it would provide a very useful baseline for competitors for several years beyond that period.

Ms. Marlene H. Dortch
June 19, 2014
Page 4 of 5

- (9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

Financial Annual Report

Section 3005 of FCC Form 481 requires a privately-held rate-of-return carrier receiving high cost support to attach a full and complete annual report of the company's financial condition and operations pursuant to 47 C.F.R. §54.313(f)(2). PTCI seeks confidential treatment of its financial annual report pursuant to the November 16, 2012 *Protective Order* in WC Docket No. 10-90, et al.¹. The *Protective Order* specifically covers information filed pursuant to 47 C.F.R. §54.313(f)(2).

PTCI is providing to the Office of the Secretary, under seal, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection.

Each page of the five-year service quality improvement plan confidential submission bears the legend, "CONFIDENTIAL – NOT FOR PUBLIC DISCLOSURE."

Each page of the financial annual report confidential submission bears the legend, "CONFIDENTIAL FINANCIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-135, 05-337, 03-109, CC DOCKET NOS. 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATIONS COMMISSION."

Two copies of the Form 481 filing in redacted form and an accompanying cover letter are also being provided with the confidential filing. Each page of the redacted filing and accompanying cover letter is marked "REDACTED – FOR PUBLIC INSPECTION."

Two copies of this cover letter and the Form 481 filing with the confidential information are also being delivered to Mr. Charles Tyler, Telecommunications Access Policy Division, Wireline Competition Bureau.

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as an attachment to the FCC Form 481.

LINE 112 – FIVE-YEAR SERVICE QUALITY IMPROVEMENT PLAN

Following is the initial five-year service quality improvement plan for Panhandle Telephone Cooperative, Inc. (“PTCI” or “the Cooperative”) pursuant to 47 C.F.R. § 54.202(a)(1)(ii) that requires an eligible telecommunications carrier (ETC) to describe proposed improvements or upgrades to the ETC’s network throughout its service area. The *USF/ICC Transformation Order* establishes a public interest obligation for rate-of-return ETCs to provide broadband service at speeds of at least 4 Mbps downstream and 1 Mbps upstream (4:1) “upon reasonable request.” A service quality improvement plan cannot project where in the service area reasonable requests will be made. However, the proposed service improvements in this plan result in the availability of 4:1 or better service to a greater portion of the Cooperative’s service area than is currently available.

Although this plan is a good faith effort by the Cooperative, it is subject to change, given the uncertainty faced by ETCs regarding whether capital investments will be recoverable over the five year planning horizon. Factors that may affect the capital improvements plan include erosion of the customer base due to competition, alternative technologies, economic conditions in the service area, and unpredictable changes in the universal service support amounts an ETC receives.

PTCI owns and operates twenty-two exchanges serving subscribers in the Oklahoma panhandle as well as portions of northwest Texas. The service area includes all of Beaver, Cimarron, and Texas counties, as well as portions of Ellis and Harper Counties in Oklahoma. In addition to the counties in Oklahoma, PTCI serves portions of Sherman and Hansford Counties in Texas. The service area covers approximately 6,332 square miles.

LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Panhandle Telephone Cooperative, Inc. (“the Cooperative”) complies with applicable service quality standards and consumer protection rules for its voice and broadband services.

The rates, terms, and conditions under which the Cooperative operates are outlined in its member services tariff, which is approved by the Oklahoma Corporation Commission (“OCC”). The tariff contains provisions regarding the Cooperative’s customer service and protection practices.

Service quality standards for voice service are established by the OCC. The Cooperative consistently meets or exceeds those standards and provides reports to the OCC, in accordance with the OCC’s rules.

With regard to broadband service, the Cooperative provisions its network and equipment to ensure that its customers can enjoy the speeds to which they subscribe. However, Internet speeds generally result from a “best effort” service and are dependent upon a number of variables, many of which are outside the control of the Cooperative.

The Cooperative complies with any and all consumer protection obligations under state law.

The Cooperative also complies with the following consumer best practices: (1) the Cooperative discloses its rates and terms of service to customers; (2) the Cooperative provides specific disclosures in its advertising; (3) the Cooperative separately identifies carrier charges from taxes on its billing statements; (4) the Cooperative provides ready access to customer service; (5) the Cooperative promptly responds to consumer inquiries and complaints received from government agencies; and (6) the Cooperative abides by policies for protection of consumer privacy.

Finally, the Cooperative has a policy and established operating procedures that comply with the FCC’s Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011). Certification of the Cooperative’s compliance with CPNI rules and a description of the Cooperative’s operating procedures that ensure compliance are filed annually with the FCC.

LINE 610 – FUNCTIONALITY IN EMERGENCY SITUATIONS

Panhandle Telephone Cooperative, Inc. (“the Cooperative”) is able to function in emergency situations for both voice and broadband service. The Cooperative has a reasonable amount of back-up power to ensure functionality without an external power source. Standby power generators are at the central offices, as well as strategic locations to be deployed as needed to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The Cooperative is able to reroute traffic around damaged facilities. Although the Cooperative’s ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.

LINE 920 – TRIBAL GOVERNMENT ENGAGEMENT OBLIGATION

The service area of Panhandle Telephone Cooperative, Inc. (“the Cooperative”) includes “former reservations” in Oklahoma. The Cooperative was not able to clearly identify the tribes associated with the former Tribal land served and sent letters on August 1, 3, and 7, 2013 “return receipt requested” to all of the tribes in Oklahoma, as listed below. The letters were addressed to the contacts as provided by the National Congress of American Indian’s Tribal directory. Each letter requested that the Tribal government representative contact the Cooperative to engage in discussions or acknowledge that they have no tribal interest in the Cooperative’s service area and decline to engage in discussions. What follows is the status of the attempted contacts.

Cherokee Nation -- A signed receipt was received on August 12, 2013. By the end of 2013, the Cooperative had not been contacted by any representative of the Tribal government.

Jicarilla Apache Nation - A signed receipt was received on August 12, 2013. By the end of 2013, the Cooperative had not been contacted by any representative of the Tribal government.

Comanche Nation – No signed receipt was received. By the end of 2013, the Cooperative had not been contacted by any representative of the Tribal government.

United Keetoowah Band of Cherokee Indians - No signed receipt was received. By the end of 2013, the Cooperative had not been contacted by any representative of the Tribal government.

Cheyenne and Arapaho Tribes - A signed receipt was received on August 12, 2013. By the end of 2013, the Cooperative had not been contacted by any representative of the Tribal government.

Kiowa Tribe of Oklahoma - A signed receipt was received on August 13, 2013. By the end of 2013, the Cooperative had not been contacted by any representative of the Tribal government.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau’s most recent reasonable comparability benchmark for voice services is \$46.96, which includes the federal subscriber line charge (“SLC”).¹

In all of the exchanges served by Panhandle Telephone Cooperative, Inc. (“the Cooperative”), the single-line residential local rate is \$17.50. When the federal SLC (\$6.50) and the Oklahoma universal service fee (\$.11) are included, the rate becomes \$24.11. Three of the Cooperative’s exchanges extend into Texas, where the state universal service fee is \$.64, making the total rate \$24.64. Therefore, the Cooperative’s pricing of fixed voice services is less than the reasonable comparability benchmark of \$46.96.

¹ *Wireline Competition Bureau Announces Results of Urban Rate Survey for Voice Services; Seeks Comment on Petition for Extension of Time to Comply With New Rate Floor*, WC Docket No. 10-90, DA 14-384 (rel. Mar. 20, 2014), p. 2.

LINE 1210 – TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Residential customers of Panhandle Telephone Cooperative, Inc. (“the Cooperative”) residing in non-Tribal exchanges in Oklahoma who qualify for the Lifeline Program receive a discount of \$10.42 on local voice telephony service (\$9.25 federal discount + \$1.17 state discount).

Residential Lifeline customers residing in the Cooperative’s Tribal exchange in Oklahoma receive a discount of \$23.00 on local voice telephony service (\$9.25 federal discount + additional \$12.58 federal discount + \$1.17 state discount). Residential Lifeline customers residing in the Cooperative’s Texas exchanges receive a \$12.75 discount on local voice telephony service (\$9.25 federal discount + \$3.50 state discount).

In all of the Cooperative’s non-Tribal exchanges in Oklahoma, the Lifeline single-line residential rate, including the federal subscriber line charge (“SLC”), is \$13.58 (\$24.00 standard rate - \$10.42 discount). This rate applies to the following exchanges: Adams, Balko, Beaver, Boise City, Bryans Corner, Eva, Felt-Wheless, Floris, Forgan, Gate, Goodwell, Griggs, Guymon, Hardesty, Hooker, Kenton, Keyes, Logan, Texhoma, Turpin, and Tyrone.

In the Cooperative’s Tribal exchange in Oklahoma – Laverne – the Lifeline single-line residential rate, including the federal SLC, is \$1.00 (\$24.00 standard rate - \$23.00 discount).

In the portion of the Cooperative’s exchanges that extend into Texas, the Lifeline single-line residential rate, including the federal SLC, is \$11.25 (\$24.00 standard rate - \$12.75 discount). This rate applies to the Texas portion of the following exchanges: Guymon, Hardesty, and Texhoma.

All single-line residential customers, including Lifeline customers, have an unlimited number of minutes for calls made within their local calling area.

Toll charges for calls outside of the local calling area are determined by the long distance carrier of the customer’s choosing. Customers may elect to subscribe to toll blocking at no charge.

The Cooperative does not disconnect the service of Lifeline subscribers for the non-payment of toll charges. However, the Cooperative reserves the right to implement toll blocking, at no charge, if the customer incurs a significant balance of unpaid toll bills.

Lifeline Program reductions do not apply to additional services such as information-related services and custom calling features. Lifeline customers may subscribe to these services, where available, at the same rates offered to other customers.

Additional information regarding the terms and conditions of voice telephony Lifeline plans can be found at <http://www.ptci.net/phone/residential/support-phone-residential/>.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number.
